Dear Parents,

In preparation for the 2020-2021 school year, we are updating our technological practices to include more applications to be able to help continue to educate your student in the best possible way if we are required to be off campus for learning. Our intention is to return to traditional in-class schooling; nevertheless, we must prepare for various changes and challenges we may face in the upcoming school year.

In order to best facilitate various educational avenues for your student, it is essential to share information with you to help prepare for out-of-school building learning. Please review the following information provided by the Indiana Department of Education (IDOE) in preparation for potential distance learning:

1)Zoom: online meeting and conferencing.

The web address provided can be found on the IDOE website. I would just Google Indiana Public WiFi instead of typing the URL.

More information can be found at the following web address: <https://www.doe.in.gov/covid-19/resources> Please contact the school with other questions or concerns you may have. God bless, and we look forward to seeing everyone August 17th.

Sincerely,

Josh Burton
